From the D P I

No DI-5521-593/43 of 14/7/44 and proposals in regard to the revision of the pay of the teachers in K & T high school

13) The High School committee, K & T, proposed to revise the scales of the pay of teachers of the school on grade of Rs 40-4-60 to one on Rs 60-4-80 and 8 on Rs 40-4-60 + Rs10 local allowance

14) The D P I suggests that, in view of the fact that posts in the grade of Rs 60-4-80 are admissible for a school with Three sections only, it is necessary that the management of K & T school should create some posts in that grade viz Rs 60-4-80, in proportion to the number of extra sections over and above 3 sections. And he is in favour of the proposal of the management to create the second post on Rs 60-4-80 but not in favour giving

W

local allowance of Rs 10/- extra, as proposed by the management. It is suggested that fresh candidates may be allowed on a higher salary in the grade of Rs 40-4-60

15 Further report received from the President of Sanctuary Board shows that the management of the school have permitted the president of the high school committee to attend teachers on higher stages of pay in the grade of Rs. 40-4-6 and the president reports that the procedure will be adopted as a tentative measure during the current year and will be permanent to the members to be appointed. As this procedure is also suggested by the D P the proposal may perhaps be sanctioned. The suggestion given by the D P I to create more posts in the grade of Rs 60-4-80 in proportion to the sections of the school may also be intimated to the management of the s

SIR

I have the honour to state that there are at present 8 vacancies of teachers in the Sanitary Board High School and a statement of the vacancies is appended below for the information of Government -

Sl No	Designation	pay	Reasons for the vacancy
1	Science Assistant	40-4-60	Due to the transfer of Mr M S Venkatachar on promotion to the grade of Rs 60-4-80
2	-do-	-do-	-do- -do- Mr K R Srinivasan, -do- do-
3	Physics and Math Asst	-do-	Newly created post
4	Mathematics Assistant	-do-	Due to the transfer of the previous incumbent
5	History Assistant	-do-	-do-
6	Kannada and History Assistant	-do-	Due to the resignation tendered by the previous incumbent
7	Commerce Assistant	-do-	Due to transfer
8	Hist Assistant	-do-	Due to transfer

Added to this, another teacher by name N Nanjunda Sastry who is now in the grade of Rs 40-4-60 stands transferred to the Arsikere High School on promotion to the grade of Rs 60-4-80 in the Director's Lemo No D1 2439-160/38-39 dated 15th June 1944 But he has not yet been ~~relieved~~ relieved of his duties here

Against the 8 vacancies mentioned above some of which have been continuing since several months, three have been

17

filled up temporarily by the appointment of local candidates pending selection of candidates in accordance with the rules of recruitment, in view of the fact that there was no response to the advertisement made by the Deputy Commissioner in this behalf It has not been possible to secure local candidates for the other vacancies and the Director of Public Instruction was therefore requested to make arrangements for filling up the vacancies In reply, the said officer wrote to say that as these were not promotional vacancies, the management had to make arrangements to fill them up With reference to a reference made to the Deputy Director of Public Instruction requesting that the names of a few candidates may be furnished from the waiting list of his office, a reply was received to the effect that there were only two names of Mathematics and Science graduates in the list and they were required for filling up the vacancies in the Department, the result being that the vacancies are still continuing

Experience has shown that those who are appointed as teachers in the grade of Rs 40-4-60 stop here for some time and resign their jobs soon after they get better chances elsewhere As the ~~work~~ work of the School has been suffering considerably on account of these vacancies, the question as to the further action to be taken in this behalf was discussed at a special meeting of the K G F High School Committee held on the 23rd instant The Committee passed the following resolutions -

1 That as there is only one place in the grade of Rs 60-4-80 at present in the High School, the pay of one of the appointments in the grade of Rs 40-4-60 be revised as Rs 60-4-80 to be in a line with the number of appointments of this grade in other High Schools and that Mr N Nanjundasastry, teacher in the grade of Rs 40-4-60 now under orders of transfer to Arsikere on promotion to the grade of Rs 60-4-80 be retained here alone for the present and that he may be given the benefit of the higher grade in this school itself from the 23rd June 1944, as his relief from this school at this juncture when there are already six vacancies would further hamper the work of the school

2 That in view of the fact that no candidates are forthcoming for appointment in this school inspite of advertisement and that even those that are appointed as a temporary measure do not stick on here in view of the low pay and the costliness of living etc , a local allowance of Rs 10/- per mensem be given in addition to their pay to the teachers in the grade of Rs 40-4-60 and that in view of the urgent need to fill up these vacancies without further loss of time and to see that the school work does not suffer any further, the vacancies on Rs 40-4-60 be advertised offering the local allowance of Rs 10/- also in addition to the pay, pending formal sanction of the higher authorities to the payment of the allowance

In view of the urgency, the resolutions of the High School Committee as above were circulated among the members of the Sanitary Board and they have also approved of these resolutions Copies of the resolutions are enclosed for reference

Off and on there will be vacancies in the School with the result that the work is very much hampered It is therefore expected that the grant of the local allowance would attract candidates in sufficient numbers I therefore request that sanction may kindly be accorded to the resolutions of the Sanitary Board as above The extra cost involved by the proposal will be as follows

Existing	Proposed
9 Teachers on Rs 40-4-60	1 Teacher on Rs 60-4-80 8 Teachers on Rs 40-4-60 plus Rs 10/- L A. each
Average cost as at present	Average cost as proposed
9 X 53 1/3 or Rs 480 p m	1 X 73 1/3 8 X 53 1/3 plus 10
Total Rs 480 P M	Rs 580 P M

Average extra cost per month Rs 100/-

Necessary provision has been made in the Budget Estimates of the Sanitary Board for 1944-45 for meeting their share of the extra cost referred to above In view of the urgency, I request the favour of early sanction to the proposals to which effect will be given in anticipation of kind sanction

The President brought to the notice of the Members that there were about 7 vacancies in the High School as a result of transfers of teachers effected by the Department on promotion to other schools, and that it was not possible to secure suitable substitutes in their places inspite of serious attempts with the result that the work of the school had suffered considerably He also stated that experience had shown that even those who were entertained here would stop here for a short period until they secured jobs elsewhere and would resign their posts and go away whenever they secured appointments elsewhere He therefore observed that it was necessary to take suitable steps in this behalf to make the posts attractive with a view to see that the work of the school did not suffer as it did now Thereupon, the following resolutions were passed -

1 Resolved that as there is only one place in the grade of Rs 60-4-80 at present in the High School, the pay of one of the appointments on Rs 40-4-60 be revised as Rs 60-4-80 to be in a line with the number of appointments of this grade in other High Schools Resolved further that Mr N Nanjunda Sastry teacher on Rs 40-4-60 now under orders of transfer to Arsikere on promotion to the grade of Rs 60-4-80 be retained here alone for the present and that he may be given the benefit of the higher grade in this School itself from this date as his relief from this School at this juncture when there are already six vacancies would further hamper the work of the school

2 Resolved that in view of the fact that no candidates are forthcoming for appointment in this school inspite of advertisement and that even those that are appointed as a temporary measure do not stick on here in view of the low pay and the costliness of living etc a local allowance of Rs 10/- per mensem be given in addition to their pay to the teachers in the grade of Rs 40-4-60 Resolved further that in view of the urgent need to fill up the vacancies without further loss of time and to see that the school work does not suffer any further, the vacancies on Rs 40-4-60 be advertised offering the local allowance of Rs 10/- also in addition to the pay, pending formal sanction of the higher authorities to the payment of the allowance

Sir,

Re filling up of the vacancies in the Sanitary Board High School

Sir,

In continuation of this office letter of even No of the 30th ultimo on the above subject, I have the honour to state that subsequent to the reference made to Government in this behalf, one more vacancy occurred owing to the resignation tendered by one of the temporary teachers that had been appointed pending selectio of candidates for these posts under the rules of recruitment Thre applicants have come forward with applications stating that they are willing to accept the posts of teachers in the grade of Rs 40-4-60 if they are given a higher start in the grade with an assurance that they will be made permanent against the existing vacancies Their applications together with the Head Master's report thereon came up for consideration at a special meeting of the High School Committee which was convened as a measure of urgency yesterday evening After a careful consideration of the matter, they resolved that the President be requested to make a reference to Government requesting that he may be permitted to start the candidates on higher stages of pay in the grade of Rs. 40-4-60, each individual case being considered by him on their merits, and to continue the incumbents so appointed during the current school year, in view of the present conditions and in t interests of the work of the School, which has already suffered This procedure will be adopted only tentatively during the curr

School year, just to tide over the present situation and this will be purely a temporary arrangement and will be personal to the incumbents to be now appointed

As the work of the school has already suffered considerably, I request that Government may be pleased to approve of the resolution of the Committee as above, at an early date A copy of the resolution is enclosed for reference

I have the honour to be,

1 Letter No 92/44-45 dated 10th July 1944 from the Head Master of the School submitting three applications received from candidates for appointment as teachers in the High School against the existing vacancies with the report that all the candidates have requested that they may be started on a higher rate of salary and that they should be assured that they would be made permanent,etc ,

The question was discussed in detail The President pointed out that it was not possible to make them permanent, contrary to the standing Orders and that the appointments had to be made in accordance with the rules of recruitment and that the appointment of the present candidates could be made only subject to the vacancies being filled up in accordance with the rules But in view however of the fact the work of the school would get further dislocated if there should be frequent changes during the course of the school year and in view of the fact that there was already a number of vacancies unfilled and as one more teacher has since resigned,he observed that he had no objection to recommend that the candidates to be appointed now might be continued during the current school year in the interests of work and in view of the difficulty to secure candi-dates As regards the request of one of the candidates that he may be started in the grade of Rs 60-4-80,he added that it was not deemed expedient to increase the number of appointments in that grade,as the number had already been increased by one at the previous meeting and that that was sufficient After some discussions on the subject,the following resolution was passed -

Resolved that the President be requested to make a reference to Government requesting that he may be permitted to start these candidates with a higher pay in the grade of Rupees 40-4-60 and to continue them during the present school year,in view of the present conditions and in the interests of the work of the school which has already suffered

SIR

Subject - Regarding the vacancies of teachers in the K G.F High School, Robertsonpet

With reference to your letter No L.12746/Ml 96-43-31 dated 24th June 1944 forwarding a copy of telegram dated 22nd June 1944 addressed by Mr Gopalakrishna to the Minister for Education requesting that the full number of teachers may be posted to the school referred to above and stating that necessary action may be taken at once in the matter, I have the honour to inform you that since all the vacancies of the school were in grade Rs 40-4-60 and they had to be filled up by the Management as per the existing rules. the Secretary of the school - was requested to take immediate action in the matter The Deputy Director of Public Instruction, Bangalore, was also requested to - furnish the Secretary with the names of candidates, if any, who were on the waiting list maintained in his office

It may be seen from the letter dated 30th June 1944 addressed you by the Deputy Commissioner, Kolar District, Kolar, who is also the President of the Managing Committee of the School(vide your U.O Memo No 1/44-45 dated 5th July 1944), that the Management have proposed to create another post on Rs 60-4-80 as there is only one post in that grade in the school at present and to sanction a local allowance of Rs 10/- per mensem each to all the teachers in grade Rs.40-

20/1

Rs 40-4-60 with a view to attracting candidates to the posts and continue therein

Some of the vacancies referred to in the Deputy Commissioner's letter(Vis , Sl Nos 1,2,4,5 and 8 mentioned therein) arose on account of the transfer on promotion of the teachers to other schools where there were vacancies in the higher grade and those teachers became eligible for promotion according to their seniority Their transfers were therefore unavoidable But even among those teachers, one has been deputed for - training in the B T Class and another has resigned in spite of the promotion given to him. The school at Kolar Gold Fields could not have - therefore had the services of these two teachers during this year, even if they were not transferred to other schools. But the Management are finding it very difficult to secure the services of fresh candidates in the existing vacancies.

The same difficulty is being experienced in almost all the Municipal as well as Government High Schools. The Secretary, Municipal High School, Birur, has proposed that the Management may be empowered to fix any pay between the minimum and the maximum of the grade Rs.40-4-60 for attracting fresh candidates He ~~xk~~ has suggested also that all the vacancies of - Municipal High Schools may be advertised as general vacancies. preference being given to Backward Class candidates In fact, the Management of that school had experienced the same difficulty last year and so they had - created two posts in grade Rs 60-4-80 each, though they could be utilised only from this year according to the sanctioned scales for that school. A separate reference is being made to Government for ratification of their action in that connection Again, the Deputy Commissioner, Bangalore, - who is the President of the Municipal High School, Doddaballapur, has made a reference to Government in his letter No M H T 10 dated 1st June 1944, requesting sanction for giving a pay of Rs 60/- in grade Rs 40-4-60 to - certain candidates appointed in the school as it is not possible to secure the services of suitable candidates on Rs.40/- each In the case of Kolar Gold Fields High School, it is now suggested by the Deputy Commissioner, Kolar District, Kolar, that a local allowance of Rs 10/- per mensem each may be sanctioned for teachers to be entertained in grade Rs 40-4-60

The Kolar Gold Fields High School, having 9 sections, is the biggest among the Municipal High Schools in the State While - 2 posts in the grade Rs 60-4-80 are admissible for a small school with 3 sections only this school has at present only one post in that grade It is, therefore necessary that the Management should create more posts in that grade in proportion to the number of extra sections over and above 3 sections The proposal of the Management to create the second post on Rs 60-4-80 may therefore be kindly - accepted and sanctioned by Government.

As regards the question of local allowance proposed, it would be more desirable if the Management started, as is being done by the Managements of some other Municipal High Schools, the fresh candidates on a suitable higher pay in the grade, instead of sanctioning extra allowances in addition to the graded pay

As there are 3 Municipal High Schools in the Kolar District under the administrative control of a single President viz , the Deputy Commissioner, Kolar District, Kolar, it is also easy for him to re-adjust the staff of all the three schools by effecting inter school transfers among them, according to the needs of each school in addition to creating a fresh post in the grade Rs 60-4-80 in the Kolar Gold Fields High School and appointing fresh candidates on an intermediate salary in the grade Rs.40-4-60

I am forwarding a copy of this letter to the Deputy Commissioner-- and President of Managing Committees of the Municipal High Schools, - Kolar District, Kolar, requesting him to take needful further action accordingly pending orders of Government

I have the honour to be,

V/3 Order No L1402-30 dated 9/8

The President, Kegalla Town Board states that it has not been possible to secure the services of teachers for the Sanitary Board High School on the pay now offered viz, Rs 40-4-60 and that, even if they are appointed on that pay, they go away as soon as they get better chances elsewhere. With a view to see that the School work does not suffer & to encourage the teachers to remain in the School, it is proposed to increase the no. of appointments in the School on Rs 60-4-80 to two and to grant a local allowance of Rs 10/- p.m. to High Candidates to be appointed as teachers the teachers on Rs 40-4-60. The Director of Public Instruction agrees with the President's proposal to increase the pay of another teacher to Rs 60-4-80 but he is not in favour of the grant of the local allowance. He suggests that the teachers now may be started on intermediate grades of pay in the grade Rs 60-4-80. Subsequently, the President has also reported that the High School committee has authorised him to appoint teachers on intermediate grades of pay for a temporary
